### TO THOSE WE SERVE:

Federal and State agencies have determined that itemization of funeral services is essential for the benefit of the general public. To ensure that customers are not asked to pay for services they do not desire, it is essential that each item of service be identified. What follows is a detailed listing of the goods and various categories of service we offer. It is our sincere concern that every requirement you may have be fulfilled – in addition to or apart from our standard offerings listed herein. Please feel free to express your wishes to our staff. We will make every effort to meet your needs.

Prior to drafting any contract for goods or services, the responsible party or the decedent's survivor who is handling the funeral arrangements is entitled to receive a copy of any pre-need agreement in the possession of the funeral establishment that has been signed and paid for, in full or in part, by or on behalf of the decedent.

The goods and services shown below are those we can provide to our customers. You may choose only those items you desire. However, any funeral arrangements you select will include a charge for our basic services and overhead. If legal or other requirements mean you must buy any items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected.
